## Uniden<sup>®</sup>

### PRO510XL

The Uniden PRO510XL heavy-duty CB radio offers high-performance full 40-channel operation in a rugged yet compact design that makes it an extremely popular choice for industrial, commercial, and off-road use.

Its S/RF meter and red-lit LED indicators help you monitor activity at a glance. Users get Squelch Control that improves sound quality and Automatic Noise Limiter (ANL) control to filter out ignition and electronic vehicle interference. Add to that a front positioned microphone, you can go anywhere with this rugged radio and get high-performance operation year after year.

**\$64.99<sub>ea</sub>**

DASPRO510XL

### PRO520XL

The Uniden PRO520XL is an extremely popular CB radio for industrial, commercial, and off-road use. Its compact, durable design can fit any truck or commercial vehicle.

This heavy-duty CB radio offers a full 4 watts transmit power, with Squelch Control, RF Gain Control, and a 40-Channel operation in a compact, rugged construction. The integrated PA system allows you to connect an external speaker and use the CB to make announcements. Users also get a front mounted microphone, S/RF LED meter, instant emergency channel 9 alert, Automatic Noise Limiter switch and more.
